SUPERINTENDENT'S REPORT

To the School Board and Citizens of Chatham :

It is with pleasure and pride that I make my annual report of the condition and progress of your schools.

You are fortunate to have qualified teachers residing in your own town: teachers who take pleasure in making themselves efficient in their work of teaching, and who are valuable members of your town. Most rural towns employ teachers who reside in other parts of the country, and as the salary of teachers is small when compared with the qualifications demanded, a frequent change of teachers is the result. Young teachers without actual experience are employed, and their experience is gained at the expense of the pupils. If one of these teachers develops real teaching ability she is soon invited to a larger place and a larger salary. Many teachers go into some other occupation. More than one-sixth of the teachers in the United States left the profession last year to engage in some other work, and so a too frequent change is made. Chatham will do well to encourage its present teaching staff to remain and to give its girls and boys their efficient service.

The school population is scattered and it would work hardship to try to consolidate the schools more than has been done. But the cost of running the three schools makes the cost per pupil high. The Green Hill school varies from time to time. When the mill is

running the school is crowded, and it seems unfair for the town to be obliged to school children who only live here a part of the year. But there is no way to avoid it, as the children who come to us must be educated.

Chatham is now sending the following pupils to Fryeburg Academy: Doris Harvey, Edson Keef, Florence Bryant, Mildred Hill, Esther Charles, and Kenneth Small.

I wish to thank you all for your help and interest in the work of making your schools what they should be.

Respectfully,

L. M. FELCH,
Superintendent of Schools.
